According to Altdamm residents, only Polish Air Force troops were stationed at Stettin-Altdamm (O 54/Q 65) airfield. (F-4) There was little flying activity. Only single-engine sport planes with Polish national emblems were observed. No jet planes or four-engine aircraft were seen. *

* [REDACTED] Comment. The information that the airfield is occupied by Polish Air Force is doubted. According to other information, the field is used only by civilian planes. This assumption is also supported by the above mentioned flying activity.
